Participation through Enterprise!

Our business support team provides technical business advice and a range of business support services to help businesses achieve their goals

Be involved with your local community through enterprise!

Participation through Enterprise is a community based enterprise programme designed to inspire, advise, train and support aspiring business owners along with early stage and established businesses to set up and run a business.

PtE is targeted at people with overseas heritage:

- With business ideas
- Who feel their skills are not being used
- Who want to work for themselves

If you want to set up a business but do not know where to go or how to do it, this could be an opportunity to get the information, guidance and skills you will need.

The **PtE** programme will provide you with chances to revive and boost your talents and skills. It will also help you create and develop ideas, adapt and improve products and services and use your overseas links for potential enterprise activity.

The Participation through Enterprise programme can make your business aspiration a reality!

Join the programme and we will:

- Develop your business knowledge
- Tell you where to go for specialist help
- Introduce you to helpful business support agencies
- Give you the confidence to approach customers
- Enable new businesses to meet other business owners
- Offer you opportunities to promote your business
- Be involved in community based exhibitions

PtE workshops offer:

- Jargon-free, up to date handouts
- Information about local contacts
- Access to laptops and the internet
- A CD of course materials
- Links with main stream business agencies and organisations
- A certificate for participants attending workshops
