

## A range of business services

Task based support – You tell us what the problem is and we help you solve it.  
For example we can help you with:

- Business and market analysis
- Business health checks
- Business reports
- Performance improvement
- Business and operations planning
- Project management
- Business training events and courses
- Sector specific enterprise business programmes
- Other tailored and customised services to meet business owner needs.

Cost: Variable - Dependent on the task
